Mr. Pedro Ruiz
Presidente de la Maison Cuba
Cité Universitaire
39 Boulevard Jourdan
Paris, France

Dear Pedro,

Welcome home from vacation. I hope you are ready for another year. I think you will be quite busy.

I have a few questions about the distribution among Latin Americans in Europe. I understand that you have started your mailing list for Latin Americans in France, Belgium, England, Italy, Switzerland and Germany. Spain, perhaps, should also be included, but that is up to you. As soon as possible I would like to receive from you information as to the number of publications that you can distribute in each of these countries among Latin American students. If it is agreeable to you, I will simply mail the publications to you and then pay you according to a bill which you would present me after each distribution project. The bill should include mailing charges, other expenses, and reimbursement for your time or someone else's.

Can you give me any ideas now for the type of article which we can furnish you for your publication which you are to begin in the fall? I will be alert for articles, and we will send you something as soon as possible. I will be very interested in hearing about your plans for this project.

I have read in several places that a preparatory committee for the 9th World Youth Festival has already been formed. It is said, unofficially, that Cuba will be the site for a festival to be held in two - not in three - years. The target, of course, will be Latin America. I think we should start now with propaganda against such an event.

and will look forward to seeing you then. Best
regards to de la Cuesta, the Ferrer's and others.
